

Seyðisfjörður Community Radio

107.1 FM

hi

and welcome, and warm greetings from us, Ellem, Þórir, Jonatan, Lasse
and Mariana, on behalf of **Seyðisfjörður Community Radio**.

every month you will find in this jar a variety of invitations to contribute,
participate and tune in.

this newsletter is, among other things, a vessel for a **Radio School**: A radio
making school, making school over radio.

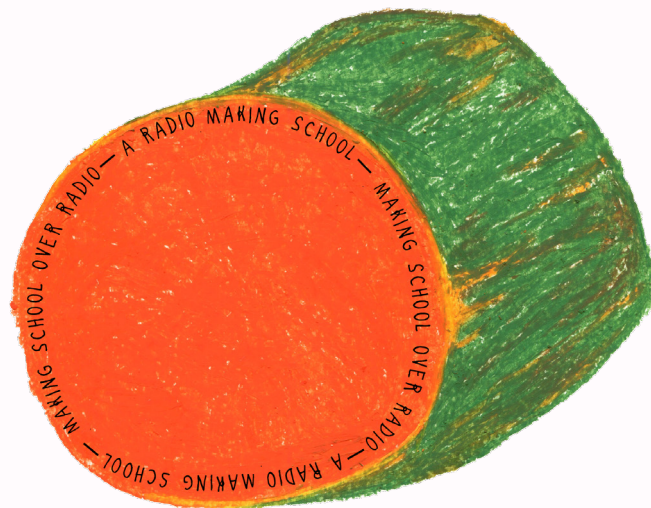

in other words, welcome to a radio school in close collaboration with the
LungA School. a frequency for sharing voices and perspectives on air.

Weaving the act of listening

Weaving the act of radio-making

Weaving the act of schooling together

On air.

Radio / School

in the previous years we have been experimenting with on-air schooling formats, entertaining the notion of a school as a frequency. with beautiful constellations of people and collaborators we have been through swirls and swirls of attempts and reverberance. You can take a peak at [the mess](#).

now we would like to invite you to another iteration of this experiment. an imagined transformation from organized programme, into an on-air-schooling-department-maze. we have tried to put some [words](#) on it.

below you will find an overview of the activities initiated in the coming month in what we now call a radio school:

Studio Visit

the studio visits are conversations on what is alive in the praxis. anyone who is interested is invited to sign up for having a studio visit where we will explore praxis and artistic work starting from what is currently alive, alive, live, life. that is the first invitation.

sign up for a studio visit [here](#).

listen to previous [conversations](#).

Reading Group

imagine receiving an invitation to be a part of a reading group. carrying the intuition that to read is to love and to love is to read. here it is. [you are invited](#). these dates are in the wind:

9th of June 2026 - 17.00 (seyðisfjörður time)

27th of June 2026 - 15.00 (seyðisfjörður time)

we always meet in room [7101071000](#). the hosts will be present in the chat at <https://www.seydisfjordurcommunityradio.net/> 15 minutes before each reading group if you need assistance with finding your way.

(a note on the reading group. keep your silky ears open for “The enchanting lives of others” by C.X. as well)

Practice is Praxis

a [necklace](#) of broadcasts intended to be a companion in your practice. A gentle other, or like a sticky shadow floating around your studio as a faint echo reminding you of this and of that.

- - - a good friend diffusing a lush “getting it done” fantasy.

Practice is Praxis follows the new moon calendar which gives us the following dates for 2026: June 14 (20.00 seyðisfjörður time) - July 14 - August 12 - September 10 - October 10 - November 9 - December 8

! an opening

THIS radio school opens, they say, on the 8th of June 2026 at 14.00 Icelandic time. Listen in as we cut the ribbon or feel free to join the opening on air in room [7101071000](#).

(a note on how to contribute / this radio school is yours / if you have schooling activities you would like to host / hold within the school, please feel welcome / reach us at contact@seydisfjordurcommunityradio.net and we will help each other make it happen)

appendix / rumours / other notes

we are very proud and excited to share our new [website](#) that we have designed in collaboration with our friend **Jack Murray-Brown**.
